***Detailed Action***

***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance: with respect to claim 1, the closest prior art, US 5362281 to Dutton et al do not teach or suggest a double weave as presently claimed. In particular, the first and second fiber types are interpreted in light of Applicant's specification to be chemically dissimilar whereas Dutton et al specifically employs first and second fiber types which are dissimilar solely by their size. In view of this claim interpretation, the closest prior art does not read on the claims of the instant application

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
